BASEBALL GAME SUNDAY AFTERNOON

The teams are lined up for the big game of baseball which will probably signalize the close of the season in Tonopah. Time will be called at the old ball grounds at 2:30 and then the struggle will begin between two as nifty bunches of ball players as ever were seen on the desert. So there will not be any chance of a dispute there will be two umpires and two scorekeepers. Sorenson and Brown will officiate in all decisions and F. Brown and Brooks will use their best efforts to keep up the score sheet. The game is for the benefit of the kiddies swimming pool fund and the tag system will be adopted so that every one who goes out will know that he is helping along the best movement that ever was started in Tonopah. The line up of the teams will be:

The Golden Rule: Milton Pollard, 2nd b.; Will Murphy, c. f.; Louie Baker, s. s.; Leo McNeil, p.; Will Carroll, r. f.; Charlie Blaker, 1st b.; Burdette Pollard, 1st f.; Tom Gibbons, 3rd b.; Bryson Cox, c.; John Mervier, utility.

The Toggery: M. Johns, 2nd b.; W. Hallihan, c. f.; B. Egan, s. s.; L. Zenl, p.; G. Cox, r. f.; B. Murphy, 1st b.; C. Feutach, 1st f.; G. Harma, 3rd b.; E. McVeigh, c.; C. Carroll, utility.

MINE WORKERS

(Continued from Page One.)

as of every union official. We must play our part in the war manfully and well. Every legitimate endeavor should be exercised before a tie-up in any trade results.

"We must ungrudgingly give the best that is in us if we are to expect the best in return. Conditions are being transformed overnight; we must meet these new demands, safely and sanely.

"No matter how difficult it may seem or exacting the task, labor must strive to preserve intact during the war the principles of collective bargaining. When the certain lowers on the world's most deplorable slaughter in history, when the sound of shot and shell shall be heard no more and reconsideration begins to rehabilitate the shattered areas of the world to a normal state, let it be said of organized labor that every measure of democracy enjoyed when we started out to make the 'world safe for democracy' has been maintained."

LADIES OF THE ALTAR MAKE PRESENTATION

Father Diss was treated to a great surprise last evening when a ring at the door bell summoned him from his study. On opening the door he found a delegation of ladies from the Altar society who invited themselves in and proceeded to make themselves at home. It was not for several minutes that any light was shed on the cause of the visit until, finally, after an expression of regrets on both sides, the ladies handed the retiring pastor a substantial recognition of his earnest work in the parish accompanied by an eloquent testimonial.

Father Edward Noonan arrived this morning from Eureka and will take charge tomorrow. A reception will be held at Knights of Columbus hall Sunday evening.

MAY MAKE ANOTHER BIG CAMP FOR NYE COUNTY

Charles F. Wittenberg and Nick Ableman motored out yesterday afternoon to Tulcha Peak to look after the property under bond to Zeb Kendall. On returning last evening Mr. Wittenberg was most enthusiastic over the appearance of the camp which, he says, has all the makings of another big camp in Nye county. The boys are trenching on the discovery which shows no loss of values.

BOARD OF EXEMPTIONS IS NOW IN SESSION

The county board of exemptions is still in session at the courthouse passing on the applications received from the first 150 registrants. When the entire list has been reviewed a report will be made to Maurice J. Sullivan, state adjutant general, who will then instruct the board on the next step to pursue. The report will not go out before Tuesday morning.

IMPROVEMENT IN CAR SERVICE

(By Associated Press.)
NEW YORK, Aug. 18.—Reduction of 75 per cent in car shortage between May 1 and August 1, as a result of efforts by railroads to place a maximum of facilities at the disposal of the government for war service, was shown in a statement issued here by Fairfax Harrison, chairman of the railroad war board. The excess of unfilled car requisitions over idle cars amounted to 148,827 on May 1, the statement said, while on August 1, it was only 33,776.

This result has been accomplished at a time when the railroads are supplying from 15 to 20 per cent more freight service with the same number of cars than was being given this time last year.

AMUSEMENTS

BUTLER THEATER

Fannie Ward in "Betty to the Rescue" is a play for which Miss Ward is especially adapted, and which is unlike anything in which she has ever appeared. Instead of the beautiful society matron as she was seen in previous pictures, the captivating star is now a romping, hoydenish tomboy, with tousled hair, bare feet and is clad frequently in a dilapidated pair of overalls. The scenes of "Betty to the Rescue" were laid in the wonderful orange and mining districts of Southern California. Betty's dying father, who has sunk all his money in a mine, leaves her in the care of some friends who make her believe she is wealthy until their orange crop is wiped out by sudden frost. How Betty realizing this, takes the management into her own hands and accidentally discovers that her mine is worth a fortune, and goes into the arms of the man whom she loves, is depicted in a careful and delightfully original manner. During some of the scenes, Miss Ward wears her famous mole-skin costume which was made out of the skins of moles captured by her gardener at her famous English estate near Stratford, St. Giles, England. "An Auto Intoxication," a comedy that will surprise you. Words cannot express what a real comedy it is. You will have to see it. Tomorrow: Mae Murray in the famous production "On Record." Also a two-reel comedy.

THE SHORT STORY.

Its Chief Failing as Seen by a Somewhat Cynical Critic.

The short story, taken in the aggregate, is a collection of 8000 words that tell how the hero happened to marry the girl. It seldom mentions the enormous number of girls that the hero has kissed prior to the affair in hand, nor does it bear heavily on the previous little love affairs of the heroine. The chief trouble with the short story is that it fills the reading public with the idea that to be happy one needs only to be married.

This idea is erroneous, for the success of a courtship depends not on the marriage, but on the manner in which the contracting parties readjust their ideas and peculiarities in order that there may not be a wholesale interference of ideas and peculiarities and a consequent stripping of mental gears and wrecking of hopes.

Every short story should have footnotes attached explaining the status quo of the hero and heroine at the end of five years, together with the condensed but honest reason for the unsatisfactory or satisfactory results.—Puck.

Spiking the Guns.

The expression "spiking guns" is a survival from the day when all that was necessary to put a gun out of action (provided, of course, that you had access to it) was a large nail or spike and a hammer. You simply drove the nail into the touch hole at the breech. If the nail was long enough to turn round at the end on the bottom of the bore so much the better. It is just as simple, perhaps simpler, to put a modern gun out of action. All you want is a hammer. The breech block of the modern gun is held closed by screw threads. After the breech block is shut on the shell a turn of two or three inches engages the threads. By knocking a bar on those threads you prevent them engaging. Any attempt to fire the gun without the breech block being perfectly closed would, of course, be of material assistance to the enemy.

Wonderful Soda—That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and sweetest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want! all the old-timers, and the newest ones.

THREE WINGED WORDS.

How the Famous Expression "Swat the Fly!" Originated.

Once upon a time there was a man with a large assortment of ideas, and he went to a baseball game to find surcease from thought in the crack of the bat and the long hit. Now, the particular idea that had been buzzing the loudest in his head at that time was the common housefly and how to make it uncommon.

He never could look at a fly without feeling a cruel desire to squash it. He was, in fact, about to publish a health bulletin indicting the fly on more counts than the fly has eyes, and it has several thousand and fifty. Well, when he got to the game and had just rid himself of the whole notion for a moment and was eagerly awaiting action on the part of the batsman somebody—in fact, a lot of them—shouted, "Swat the fly!"

The batsman did. He swatted the prettiest fly any fan would ask to see. And then while the crowd roared the fly hater took out a pencil and scribbled on a bit of paper those three winged words that were destined in the months that followed to fly around the world and back again, "Swat the fly."

The man was Dr. S. J. Crumline of Kansas.—J. Wainwright Evans in Nation's Business.
